NTT e-Asia Corporation

## Opening of our new offices aiming to expand business in Southeast Asian countries

We are pleased to announce that NTT e-Asia Corporation has opened new offices in Ho Chi Minh City, Singapore, and Jakarta, aiming to co-create sustainable circulating communities in Southeast Asian countries. With the opening of these offices as a foothold, we will make further contribution to create value in communities and develop various new business that utilize our community-based, on-the-ground capabilities and technology.

### 1. Background and purpose

For more than 20 years, we have been promoting joint projects based on cooperative relationships with local business partners to develop telecommunications and ICT infrastructure and other projects to provide optical communications infrastructure, managed Wi-Fi and other services mainly in Vietnam, utilizing NTT EAST Group's technology and know-how.

In addition to Binh Duong Province in southern Vietnam, we have opened new offices in the following cities to promote the discovery, formation and launch of various further businesses and contribute to the creation of value in the regions or communities in Southeast Asian countries in July 2023.

- Ho Chi Minh City Office : Zen Plaza, 54-56 Nguyen Trai, Ben Thanh, District 1, HCMC
- Singapore office : 20 Anson Road, #11-01 Twenty Anson, Singapore 079912
- Jakarta Office : Wisma 46, Kota BNI, Jl. Jend. Sudirman Kav. 1 Jakarta 10220

Ho Chi Minh City Office

### 2. Future initiatives and expansion

In order to achieve the NTT EAST Group's purpose "co-creating sustainable, circulating communities through power of technology and community-based on-site skills", it is essential to work together to create a society where local stakeholders can feel dreams and hopes through business development in Southeast Asian countries. We will work closely with various companies, organizations and government agencies to strengthen partnerships with local enterprises and achieve sustainable operation development in each country.
