Social Contribution Activities Through Kawasaki Frontale Football Events

On January 8, 2023, NTT e-Asia, together with “Vietnam Technology & Telecommunications Joint Stock Company, a joint business partner in the field of telecommunications and ICT in Binh Duong Province, Vietnam”, and “Becamex Tokyu Corporation, the core company of Binh Duong New City Development”, have jointly conducted the “*1 Kawasaki Frontale Football Event” in Dinh Hoa, a social housing area in the province, with attractions such as Kick Targets and the aim of introducing the joy of football to children in the neighborhood.

The children experienced a variety of attractions energetically and had a great time. We received very positive feedback from many of the children who participated, such as “I want to kick the ball more” and “I want to try out the football school”. We will continue our efforts to contribute to the regional community and promote international and regional exchange.
